From the Principal's Desk....

May the Lord give you the desire of your heart and make all your plans succeed; he crowns the year with goodness, and your paths drips with abundance."

New Year is the time to set new goals, make new resolutions and work hard to achieve them. Make this upcoming year a new beginning for all your pending tasks, to complete them with more energy and zeal... May you learn from your past mistakes and accomplish your targets for future with your strength and dedication....

For the professionals, the vision of future health care sector is to have more competent and qualified professionals, and the only way to upgrade this level to healthcare providers is to have better training to raise your profile and professionalism in their specific field.

Hence, to color your profession with more skills to meet the diverse needs of patients, trained professionals, the vocational training done annually will enable you to equip with more inputs available in the medical field. Wishing you all an educative and exploring opportunities ahead...

**DR. DEEPA C. PHILIP  
PRINCIPAL, MMMCHS.**
